The Management Board of ZUE S.A. of Cracow (the “Company”) inform that the Company learnt on 12 May 2022 about the cancellation by PKP PLK S.A. (the “Contracting Authority”) of the tender procedure for the project named: “Provision of design services and completion of construction works at the Knapówka junction as part of the following project: “Modernisation of the railway line no. 4 – Central Main Railway Line, stage II.”

The Company informed about the submission of the tender in the said procedure in the current report 14/2022 of 26 April 2022.

According to the information received by the Company, the Contracting Authority cancelled the tender procedure because they had failed to properly review and evaluate the submitted tenders. This had an impact on proper e-tendering. The Contracting Authority also said they would re-evaluate the tenders and ask bidders to take part in e-tendering.

The Company will inform about further major events relating to the said tender procedure in a relevant current report.
